Overview:

ICAH 2026 serves as a premier international platform for researchers, agronomists, horticulturists, policymakers, and industry professionals to come together and explore the latest advancements in agriculture and horticultural sciences. The conference provides a vibrant forum for presenting cutting-edge research, sustainable farming practices, innovative technologies, and real-world solutions addressing global food and environmental challenges.

Call for Papers

Participants are invited to share their research and findings by submitting abstracts for consideration in the scientific sessions. A standardized template for submissions can be found on the "Abstract Submission" page of the conference website. All accepted abstracts will be featured in the extended abstract book, which will be accessible online and distributed at the conference.
